

1984 Records

The Utica-Rome Speedway went into foreclosure as previous owner Ron Compagni defaulted on the mortgage. The track was turned over to the Small Business Association where it was then sold at a foreclosure auction in June 1984 to Frederick Burrows. Track management hoped to open that season in July or August but never did as required facility upgrades were not completed.

Records graciously provided by Brian Spaid with the help of Andy Fusco and Doug Zupan.
