

### Utica-Rome Speedway 2021 Limited Sportsman Specifications

The Limited Sportsman division at Utica-Rome Speedway will follow the 2021 DIRTcar Sportsman rule book with the following exceptions:

- 1) **Weight** – minimum 2,400 lbs., taken post-race, with driver, track scale pounds
- 2) **Fuel** – Sunoco Race Fuels 110 or Can-Am Crate Fuel is the preferred fuel of the speedway. *No oxygenated fuel.*
- 3) **Tires** –  
*Right-Rear:* American Racer SD 50 compound ONLY  
*Left-Rear:* American Racer SD 48 compound ONLY  
*Right-Front:* American Racer SD 38 or SD 48 compound ONLY  
*Left-Front:* Any American Racer Modified tire
- 4) **Fire Suppression Bottle** – ***Not mandatory at Utica-Rome Speedway*** – no weight break for teams utilizing this option.
- 5) Rear spoiler is optional. Maximum rear deck height (with spoiler) measured from the ground is 50 inches.
- 6) Aluminum surrounding fuel cell is optional at Utica-Rome Speedway.
- 7) One spring rubber permitted on each corner of the car.

### Eligibility Requirements:

- 1) Drivers who have won a Limited Sportsman championship are not eligible to compete in this division.
- 2) Drivers who have raced full-time in a regular Sportsman division during the past three (3) years may not be eligible to compete in this division (*track discretion applies*).
